BABY DROWNED.

Was Allowed to Wander to River Bank at Springfield.

Springfield, March 30.—While playing at throwing pebbles into the Black river at one of its deepest places in this village, Henry, the three-year-old son of Mr. and Mrs. James Scates, was drowned yesterday afternoon. All efforts to recover the body have proved futile.

A short time before the accident, the little lad left home with his sister, four years old, and another companion of about the same age. The Scates house is located on the brow of a hill overlooking the river and at about 12:30 o'clock, Mrs. Frank Handley, who lives in an adjoining house, was startled by the announcement of her four-year-old daughter that the Scates boy had fallen into the river. Mrs. Handley rushed to the Scates home and notified Mrs. Scates and the two women hurried to the river bank, but could find no traces of the lad.

Selectman W. D. Stearns and Deputy Sheriff Wallace Fairbanks ordered the river dynamited and dragged but these attempts to raise the body were without result.

Mr. and Mrs. Scates came to this town from Chester a short time ago. Mr. Scates is employed as machinist in the Jones & Lamson shops. They have one other child.

IN STRAIGHT FALLS.

Mahmout was Defeated in Chicago Last Night.

Chicago, March 30.—Stanislaus Zhyzko last night won the privilege of meeting Frank Gotch for the wrestling championship of the world by defeating Yusuf Mahmout in two straight falls at the Coliseum. The first fall was a crotch hold and halfelson in 1:04:51 and the second was a back arm and halfelson in 25:43. The Turk was the aggressor throughout, his opponent playing a waiting game, merely jumping in when he saw a good chance. The date and place of the meeting between Gotch and Zhyzko are to be decided later, nothing but the verbal agreement for the match having been entered into. All the prominent wrestlers who could reach the scene were on hand last night, including Gotch. Joe Rogers of New York challenged the winner but he has little chance of getting a date.

Reciprocity with Canada.

Governor Freney does not hesitate to say that he does not agree with Senators Dillingham and Page that Vermonters do not favor reciprocity with Canada. He believes they do, and The Messenger is inclined to the same opinion. It may be that the terms of the tariff exchange would have to be discussed with care in order to safeguard some domestic interests, that to the minds of some Vermonters might possibly be affected by such an arrangement. But, as a general proposition, this paper believes that Vermont shares with New England in some degree of restlessness under ultra-protectionism and has come to look upon trade with Canada, particularly as something to be encouraged by a broad and liberal policy in sympathy with the continental idea of the development of America as a whole, and not in the narrower conception that attempts to squeeze the genius of two great peoples of the same origin and instincts, dwelling side by side, between the limits of petty tariff barriers. Perhaps this is the more vague and sentimental view of the matter, however. Undoubtedly, the more practically appealing fact is that Canada abounds in some products that we must have and that we must be willing to make some reasonable concessions for, in order to get on reasonable terms. It is a practical question as well as a political one, and practical first of all—St. Albans Messenger.

WE GOT THE PRIZE

Every successful man is constantly striving for the prize which he wishes to gain, so it is with every business concern. Every season we plan to do a better and larger business than the previous season, taking for our goal some particular day or the last of each month. Easter is one of the days that we make as one of our climbing points. This Easter we more than surprised ourselves for which we owe the trade our thanks. Our aim is to have the goods and the right kind. This season we have the largest and best we have ever shown, and the volume of business done only goes to show that we have got what the trade want.

Ladies' Suits

The line of Misses' Suits we are showing at \$10.00 are the ones that fit and have the linings and interlinings which give the shape and style effect.

At \$12.00, the trade tells us we have got the best value in an all wool suit ever seen. If you will try this suit on, and see the fit, you will be convinced as to its worth.

At \$15.00 we are putting out the best value in an all-wool Worsted and a fine Serge Suit we ever offered to the trade. Suit is made of an extra good quality of goods and has a good quality canvas interlining and full back stays. This gives the Suit the shape, and it will wear to look as well as Suits we have seen that sold for a third more.

Ladies' and Misses' Rubberized Capes are sure to be live sellers this season, as they are easy to get into and will not crush light dresses.

For an automobile wrap see the Rubberized Capes in cloth. These are easy to get on and will not crust the dress.

Ladies' Tailored Suits

Nearly every day for the next two months will see new models in Suits coming into our department. We are to give to the trade the new models as soon as we are sure of their popularity. Many of the better grades you will find only samples of, but we will be glad to duplicate these for you if you want.

At \$15.00 we have a Suit made on one of the best models. Goods is a fine invisible striped worsted, made in one of our best styles, and Coat is heavily canvassed and has the back stay. Skirt is a full plaited style.

At \$20.00 and \$22.50 are some very fine models in a variety of different cuts and made in the best of style. These are made from a variety of cloths of the season's best production.

At \$25.00, \$27.50 to \$30.00 you will see some of the best values we have ever shown. The plain Tailored Suit is very popular, but if you want the more fancy cut style we can give it to you.

Ladies' Long and Short Coats

The Separate Coat is finding quite a little favor among the trade, as the Long Coat is just the garment for traveling purposes, and there is nothing better to wear with light dresses.

At \$10.00 we are showing a good line of these most popular garments, both in the covert and plain serges.

At \$12.00 is a large line of Covert and Plain Serge Coats, made in a number of different models. These are in a long, semi-fitted style Coat, with silk or silk lining to the waist.

At \$15.00 are some fine quality Covert Coats in the long, partially fitted styles, that are sure to please.

In the better grades are a number of very attractive models in fine worsteds and novelty cloths.

In the Short Coats we are showing some very good models, both in covert, serge and the novelty goods. Also a good showing of blacks. These are the length of the suit coats.

Do Not Live With Ugly Wallpaper.

Undoubtedly, many people who want to buy modest homes will be moved to thank Miss Lois L. Howe for the pertinent suggestion which she gives in the course of an article published in April Suburban Life, entitled "Good Taste in the Bedroom." Miss Howe says: "If one happens to have a room papered in an overpowering floral design, and does not wish to go to the expense of doing the room over, recourse may be had to a good caliche, who, at small expense, will treat the walls to a coat of dilute temper or some water-color paint in a quiet blue, brown or green. This treatment will leave only a slight suggestion of the former pattern, and the walls will prove much more satisfactory to refined people."

School Suits With a Good Record

Our School Suits have a record for goodness. The best of woollens are selected—with an eye for durability and good looks. One of the best Boys' Clothing Manufacturers in the country designed and tailored the Widow Jones Suits. Every point, where there is any double strain, is made doubly strong. Every detail is right. Priced at \$2.00, 2.50, 3.00 to 7.50. Every Suit is an extra measure of value and satisfaction.
